

This is a comprehensive map of the state of Colorado. The map displays the boundaries of all 64 counties, each color-coded in a unique pastel shade. Major cities are indicated by large black dots and bold text labels, while smaller towns are shown as open circles. A network of roads is depicted, with major interstate highways highlighted in red and other significant routes in orange or yellow. Blue lines represent the state's river system, including the Arkansas, Colorado, Grand, Gunnison, and Rio Grande. Mountain ranges and peaks are shown in light blue and white, particularly in the western and northern parts of the state. The map also includes latitude and longitude markings along the edges.
