

This is a comprehensive map of Ohio's 88 counties. Each county is represented by a unique pastel color and contains its official name in bold capital letters. Major cities and towns are indicated by black dots, while smaller locations are shown as open circles. The state's geographical context is provided by labels for neighboring states (Michigan, Kentucky, West Virginia) and provinces (Ontario), as well as Great Lakes (Erie, Huron). The map also includes the names of several rivers and water bodies, such as Lake Erie and Lake Huron. The overall design is clean and informative, serving as a useful reference for understanding Ohio's administrative divisions.
